“ I have been reminiscing over and over with our whole childhood as far back as I can remember wishing so bad we could go back in time and take replay again and again. You also better believe If anyone knows you, they know you are up there making many many friends and talking to every one of them!  
I will truly miss you mom-  
Love you always and forever,  
Connie

“ Mom -

I have been replaying these last 4 wonderful months in my head over and over again, like a record that might skip but you never want to stop listening to. I know that you know that I never missed an opportunity to tell you how much I loved you, and you never skipped the chance to tell me you loved me back. I said it over and over again but I want you to always know that you are my world, my light and my hope.

Thank you for the lengthy conversations that you shared with me. Thank you for being patient with me as I struggled with understanding that there would come a last - a last time I would have the honor to wash your back, brush your hair, or even to share a laugh with you. Thank you for tenderly wiping the tears away from my face and assuring me that in the end I would be ok. Thank you for being my strength when I tried so hard to be yours. Thank you for having the faith in me to share your wishes. Thank you for wholeheartedly loving me mom.

I know that you are still with me and that you will continue to shine your newly lit light onto my family and our new baby guiding us as we attempt to find our way.

I will forever cherish every single second of the only thing that I could have ever asked from you, that you freely gave - time.

I love you with ALL of my heart and soul,  
Your youngest daughter, Julia

“ I really don't know where to start, we all have so many memories. Here are a few I will always cherish. The first one is of course the first time we met. Bonnie was always so welcoming. She welcomed me right into the family with open arms, so friendly and nice. Then I will never forget on the day I came over I don't think Al was home from work yet. We were sitting in the living room and she kept showing me this ring book, asking which one I liked the best. She was so excited when me and Al got engaged. Another memory I have is all the mother-daughter teas that she invited me to at her church. The best memories are just visiting with the family and seeing her light up when she saw the boys.

“ I miss you grandma! I miss baking cookies and making caramel! I'll always remember the best party punch you ever made when we were kids! I always cherish the times when we were able to just walk 5 feet to your house and you always welcomed us with hugs and kisses. You created some of the best memories that will last a lifetime. We are very for our child to have their first blanket made with love by you. We will always love you and your always in our hearts.

“ My dear friend of 27 years ! Never a day without a phone call ! My friend was probably one of the wisest women I ever met . From witch hazel to making Carmel candy . I had the pleasure of helping her make her delicious egg nog this past Christmas .  
I can't say enough about my dear and special friend . She is truly missed , and I am so thankful for having known Bonnie . She truly was the most giving and sharing person I have ever known . She had a such a genuine excitement when she would speak of her family . She was a loving , wife , mother , grandmother , and friend . She wore many hats , and now she has her angel wings . I truly have a empty spot in my heart . But I will never forget all the life lessons Bonnie helped me thru .. I love you Bon ! And missed more than you could imagine . No more pain and no more sorrow ...

“ My favorite memories of grandmom Bonnie is all her fish stories. This morning I had some lines in the water and was thinking about the cat fish that nearly broke her rod and her pan sized yellow Perch. I could picture her hand gestures describing how the rod bent and the size of the fish and how she was yelling for bud b/c it was going to break the rod if she pulled the fish up on the dock and needed his help getting the fish up. That was a really fun story to have gotten to hear from grandmom Bonnie. I also think it's cool to look at the painting she painted right next to one Britt painted it's neat how Britt got a Nack for painting from her.

“ I remember hearing so many stories about Bonnie as Connie has shared childhood memories about growing up on the water, and Brittany has shared so many wonderful memories of her grandmom! It was an honor to meet her, and become part of the family when my son Ron married Brittany. I finally got to meet Bonnie at the rehearsal dinner and celebrated with her at the wedding. And then to see her amazing artwork after hearing so much about it! She was truly a talented woman! But more than anything, she was so kind and sweet. Her warm smile will be a treasure for family and friends as they remember her lovingly over the days, weeks, and years ahead. Know all of you are in our thoughts and prayers! With love, Ruth and Ron Goldstraw
