“ As far as current SHA employees, I probably have known Woody the longest. I met Woody back in 1967, when I started working at the Brooklandville lab. A group of us would arrive early and shoot darts to pass the time. Woody was quite good at darts. Sadly, all of the other participants are now deceased. I'm truly going to miss Woody. My condolences to his family.

“ For the past 18 ½ years Woody had been my Division Chief. He was the coolest boss I ever had. He was a very knowledgeable and wise man. He shared his knowledge and wisdom with me. For that I will be forever grateful. Woody gave me advice on how to be successful both professionally and personally. Woody was a legend at MDSHA, as he begins a new journey, his legacy will live on forever. I will miss him dearly. My condolences go out to his family and loved ones. May he rest in peace.

“ It was a privilege to know you woody. I appreciate everything you’ve ever done for me and my family. And I am saddened that our time was cut short. I will miss spending time with you and my mona, and joking around with you both. You were incredibly giving, and the best grandpa i could’ve ever had. I miss you, and i love you dearly.

“ So sorry to hear of the passing of Woody. Back in the late 60's Woody was my boss at the Lab in Brooklandville. We were the first to do x-rays of welders. He was a wonderful person and mentor.

“ I am deeply saddened at the loss of a fellow co-worker and true friend. Woody and I shared many years together at SHA and afterwards as buddies living in Hanover, PA. We shared a love for Ford vehicles especially Mustangs. Many good times which will be missed. My wife Martha and I offer our deepest sympathy to Woody's family.

“ Woody was "ONE OF A KIND". I was lucky and blessed enough to have worked for him for 20+ years and known him a little longer. Woody was a kind and loving man day to day to everyone lucky enough ton interact with him. He was not a co-worker but he was family. Prayers and love for all of you at this time.
